

## Need to Repair Slow or Bad Credit?

### Don't know how? [Crown Jewelers](#) Does!

Remember when you were in grade school and the teachers terrorized you with tales of your "permanent record"? A record that would automatically track of every misstep or mistake waiting only for the chance to tell on you. *Unfortunately, it was true!* In today's consumer market, every individual over the age of 18 has a credit report associated with their name that follows them throughout their whole financial life. Armed with this credit report, which translates into a credit score, financial institutions can control every step of your life with decisions about loans for your dream house or car to money for an education to have the career you have always wanted for yourself or your children. Everyone makes mistakes in life, but so few mistakes will cost you as much as delaying the rebuilding or repair of your credit. If the only thing that is keeping you from rebuilding or reestablishing your credit is lack of knowledge, then [Crown Jewelers](#) has **great news** for you! We know how to help you rebuild and repair your credit.

[Crown Jewelers](#) is pleased to offer, for a limited time, three great options built to reach out to our customers who need to repair and reestablish credit.

- **Slow Credit Plan:** \$150 payments per month with a \$500 credit line and zero down.
- **Reestablish Credit Plan:** \$300 payments per month with a \$1000 credit line and zero down.
- **Rebuild or Repair Credit Plan:** \$450 payments per month with a \$1500 credit line and zero down.

With each of these three options, [Crown Jewelers](#) extends the same high quality services and respect, such as low monthly payments, no credit check accounts, [online approvals](#), [30 day money back guarantee](#), and personalized credit card, given to each and every customer without regard to credit report or credit score. The only difference in an account built to reestablish slow or bad credit is that [Crown Jewelers](#) uses Tradelines, which appears on all three major credit bureaus within 30 days of your first purchase, to help you start repairing your credit!
