

SPONSLER, INC.

Precision Turbine Flowmeters and Electronics

Sponser 3A Sanitary Flowmeter

Features: high accuracy, 3A approval, clean in place with low pressure steam, and horizontal / vertical installation

**Sponser IT400:
Rate Indicator / Totalizer**

Features: Temperature Compensated, 20 pt. Linearization, Modulated Carrier, and Back Light

**Sponser Insertion
Flowmeter**

Features:

Stem Length: 12" to 36"

Installation in pipelines from 2" to 72"

Accuracy: +/- 1% Linear

Repeatability: +/- .35% over normal flow range

Dairy
Pharmaceuticals
Admixture
Automotive
Aerospace
Water
Chemicals
Energy
Cryogenics

Sponser Wafer Flowmeter

Features:

High Accuracy

Altitude Insensitive

AC Sinewave Signal

Cost / Space Efficient

Sponser Precision Turbine Flowmeters

Features: High Resolution, Low Pressure Drop, Variety of EndFittings, Simple Installation

Sponser 1875 Cryogenic Truck Delivery System

Features: High Precision Nickel Liquid Rotor Turbine Flowmeter with the T675 Cryogenic Flow Totalizer

**Accurate, Reliable, Repeatable Flow Measurement
Because Compromise is not a Solution**
